June 2 ~ June 13		10 Days	09:00~16:00	Tuition TWD28,000																									
Time	Daily Class	Class Description			June 13th																								
09:00-12:00	<b>Art Odyssey</b> Ms. Jane Wong	Embark on an exciting journey through time, uncovering the deep connections between art and human history. From ancient cave paintings to modern masterpieces, our young artists will explore major artistic movements, draw inspiration from renowned artists, and discover how art serves as a powerful form of expression. Through stories, painting, sculpting, and unique crafts, every activity nurtures creativity and a deeper appreciation for the visual arts!			<b>Field Trip</b>  <b>AJ Hotel</b>  How We Appreciate Art in Style																								
12:00-13:00	Lunch & Nap																												
13:00-14:00	<b>Chinese Children Literature</b> Ms. Mina Lai	Explore ancient military strategies and heroic tales with children's adaptations of four celebrated Chinese novels: "The Romance of the Three Kingdoms," "Water Margin," "Journey to the West," and the poignant love story in "The Dream of the Red Chamber." These adaptations offer young readers an entertaining and educational glimpse into the essence of classic Chinese literature, blending adventure, romance, and cultural heritage.																											
14:00-15:00	<b>Fun Sports</b> Mr. Shane Blanchard	This summer fun sports course will include activities where students will be having fun while demonstrating their skills such as running, jumping, stretching, bending, kicking and hopping. This course will provide students an opportunity to improve on their knowledge and understanding of having fun while engaged in various sporting activities. If you are looking to learn about different ways to have fun in sports this course is for you. At the conclusion of the course students will reflect on what they have learnt over the camp weeks.																											
15:00-16:00	<b>Story Telling</b> Mr. Bill Ralbovsky	We start with group storytelling and engaging circle activities, gradually progressing to individual storytelling. Students can create their own stories or bring fairy tales to life. Through movement, expressive reactions, team exercises, and changes in voice and posture, children learn to make their stories more vivid and engaging. This dynamic program nurtures creativity, confidence, and communication skills, allowing young storytellers to explore their imagination in a fun and supportive environment.

09:00-12:00	<b>DIY Science Fun with Technology</b> Mr. Candido Castro	Explore the exciting world of science and technology with our DIY Science Fun program! Designed for young minds, this hands-on experience sparks curiosity and engagement through age-appropriate activities. Kids will dive into the wonders of science while discovering basic technological concepts. The program fosters creativity, problem-solving, and teamwork, allowing children to learn and have fun simultaneously. Perfect for encouraging young explorers to discover the joy of innovation and discovery!			<b>Field Trip</b>  <b>Science Museum</b>  Discover Science

09:00-12:00	<b>Junior Survival Experts</b>	It is the ultimate summer program for young explorers! Designed to equip children with essential survival skills, this course covers everything from first aid and outdoor survival to emergency preparedness. Through hands-on activities, interactive games, and exciting challenges, your child will gain the confidence and knowledge to handle any situation. Get ready for a summer of adventure, learning, and fun!			<b>Field Trip</b>  <b>Mikefarm</b>  <b>Life Skills Development</b>																								
	Mr. Julio Macrohon																												
12:00-13:00	Lunch & Nap																												
13:00-14:00	<b>Young Designers</b>	Students take a deeper dive into the design thinking framework— <b>Empathize, Define, Ideate, Prototype, and Test</b> —through engaging, real-world challenges. They learn to identify problems, brainstorm solutions, create simple prototypes, and refine their ideas based on feedback. This stage builds critical thinking, teamwork, and resilience.																											
	Mr. Julio Macrohon Mr. Alberto R. Perez																												
14:00-15:00	<b>We do Gymnastics</b>	This unit introduces students to the fundamentals of gymnastics through engaging, playful activities. Students will explore basic tumbling, balance, and stretching routines designed to enhance body awareness, coordination, and flexibility, all while building confidence and encouraging teamwork.																											
	Mr. Serdar Kurbanov																												
15:00-16:00	<b>Chinese Children Literature</b>	Explore ancient military strategies and heroic tales with children's adaptations of four celebrated Chinese novels: "The Romance of the Three Kingdoms," "Water Margin," "Journey to the West," and the poignant love story in "The Dream of the Red Chamber." These adaptations offer young readers an entertaining and educational glimpse into the essence of classic Chinese literature, blending adventure, romance, and cultural heritage.

Time	Daily Class	Class Description			July 25th																								
09:00-12:00	<b>Fairytale Theater &amp; Script Studio</b>	Fairytale Theater & Script Studio is the ultimate summer adventure for children in grades 1-5! Younger children (grades 1-3) will have fun creating exciting scenes from the daily fairy tales, bringing magic to life with their own words. Older children (grades 4-5) will step into the writer's chair, crafting their own story scripts while learning the art of storytelling. Each day is packed with drama, imagination, and laughter as children act out their creations, build their confidence, and unleash their creativity. With a mix of writing, performance, and play, this course is an unforgettable way for children to express themselves and have a blast this summer!			<b>Fairytale Theater</b>																								
	Ms. Sydney Lee																												
12:00-13:00	Lunch & Nap																												
13:00-14:00	<b>Young Designers</b>	Students take a deeper dive into the design thinking framework— <b>Empathize, Define, Ideate, Prototype, and Test</b> —through engaging, real-world challenges. They learn to identify problems, brainstorm solutions, create simple prototypes, and refine their ideas based on feedback. This stage builds critical thinking, teamwork, and resilience.																											
	Mr. Julio Macrohon Mr. Alberto R. Perez																												
14:00-15:00	<b>Move and Groove</b>	This unit blends the art of wushu with dance and aerobic movement, providing a dynamic and culturally inspired experience. Students will learn basic martial arts techniques, rhythmic dance moves, and aerobic exercises that promote cardiovascular health, creativity, and expressive movement.																											
	Mr. Serdar Kurbanov																												
15:00-16:00	<b>Chinese Children Literature</b>	Explore ancient military strategies and heroic tales with children's adaptations of four celebrated Chinese novels: "The Romance of the Three Kingdoms," "Water Margin," "Journey to the West," and the poignant love story in "The Dream of the Red Chamber."
