

# 2025 Middle School Summer Camp

Dear parents,

This summer, let your child explore, create, and discover in an exciting, hands-on adventure! In Art Odyssey, creativity takes center stage as they bring their imagination to life. DIY Science Fun with Technology lets them build, invent, and explore mind-blowing experiments. Survival Masters gets them outdoors, learning essential skills while having an absolute blast. For young performers, Fairytale Theater & Script Studio lets them act, write, and create unforgettable stories. More than just a camp—this is a summer of growth, creativity, and FUN! Enroll today!

Theme 1		Art Odyssey			JUNE					
					M	T	W	T	F	
June 2 ~ June 13		10 Days			09:00~16:00			Tuition TWD28,000		
Time	Daily Class	Class Description							June 13th	
09:00-10:00	<b>Chinese Children Literature</b> Ms. Mina Lai	Explore ancient military strategies and heroic tales with children's adaptations of four celebrated Chinese novels: "The Romance of the Three Kingdoms," "Water Margin," "Journey to the West," and the poignant love story in "The Dream of the Red Chamber." These adaptations offer young readers an entertaining and educational glimpse into the essence of classic Chinese literature, blending adventure, romance, and cultural heritage.							<b>Field Trip</b>  <b>AJ Hotel</b>  <b>How We Appreciate Art in Style</b>	
10:00-12:00	<b>Art Odyssey</b> Mr. Bill Ralbovsky	Embark on an exciting journey through time, uncovering the deep connections between art and human history. From ancient cave paintings to modern masterpieces, our young artists will explore major artistic movements, draw inspiration from renowned artists, and discover how art serves as a powerful form of expression. Through stories, painting, sculpting, and unique crafts, every activity nurtures creativity and a deeper appreciation for the visual arts!								
12:00-13:00	Lunch & Recess									
13:00-14:00	<b>Art Odyssey</b> Mr. Bill Ralbovsky	Embark on an exciting journey through time, uncovering the deep connections between art and human history. From ancient cave paintings to modern masterpieces, our young artists will explore major artistic movements, draw inspiration from renowned artists, and discover how art serves as a powerful form of expression. Through stories, painting, sculpting, and unique crafts, every activity nurtures creativity and a deeper appreciation for the visual arts!								
14:00-15:00	<b>Drama</b> Mr. Bill Ralbovsky	The Middle School Drama Program begins with group reaction activities, and rapidly progresses to character building, using movement, posture and timing to breathe life into familiar tales. The students practice breathing, moving and speaking techniques that will improve their everyday communication, as well as help them work with others and experience success during their presentations.								
15:00-16:00	<b>Summer Invasion</b> Mr. Shane Blanchard	This summer invasion sports activity is designed for students to be more active as there will be a higher concentration of movement game play. There will be exercises that support the demand of the sports. Examples include, agility ladders, footwork drills, reactions drills, etc. Essentially we will be using games and sports to improve our overall fitness. Games such as flag football, ultimate Frisbee, basketball and soccer. Students will have an opportunity at the conclusion to reflect on what they have learnt.								

Theme 2		DIY Science Fun with Technology			JUNE					
					M	T	W	T	F	
June 16 ~ June 27		10 Days			09:00~16:00			Tuition TWD28,000		
Time	Daily Class	Class Description							June 27th	
09:00-10:00	<b>Chinese Children Literature</b> Ms. Connie Fan	Explore ancient military strategies and heroic tales with children's adaptations of four celebrated Chinese novels: "The Romance of the Three Kingdoms," "Water Margin," "Journey to the West," and the poignant love story in "The Dream of the Red Chamber." These adaptations offer young readers an entertaining and educational glimpse into the essence of classic Chinese literature, blending adventure, romance, and cultural heritage.							<b>Field Trip</b>  <b>Science Museum</b>  <b>Discover Science</b>	
10:00-12:00	<b>DIY Science Fun with Technology</b> Mr. Bill Ralbovsky	Explore the exciting world of science and technology with our DIY Science Fun program! Designed for young minds, this hands-on experience sparks curiosity and engagement through age-appropriate activities. Kids will dive into the wonders of science while discovering basic technological concepts. The program fosters creativity, problem-solving, and teamwork, allowing children to learn and have fun simultaneously. Perfect for encouraging young explorers to discover the joy of innovation and discovery!
